

What Makes Regency, Real Flame And Heat & Glo Fireplaces So Special?

Because we've had over twenty years of selling, installing and servicing heaters, we're often asked what the top brands are – without hesitation we always answer Regency, Real Flame and Heat & Glo Fireplaces. Owners can always rely on Regency, Real Flame and Heat & Glo Fireplaces to consistently supply high quality products backed by excellent after sales service.

Here are just some of the things that we think make these brand leaders excel in the gas log fire industry,

What These Brands Are Renowned For

- Regency, Real Flame and Heat & Glo Fireplaces have all been around for over 30 years
- They manufacture and / or assemble their gas log fires in their own factories
- These companies only produce superior heaters that are fantastically reliable
- The companies that supply Regency, Real Flame and Heat & Glo Fireplaces offer great support in the marketplace
- All three companies have good after sales service and spare parts support

What That Means To Fireplace Owners

- Only companies that produce high quality, reliable products last for over 30 years
- Companies that control their own manufacturing can guarantee the best quality-controlled workmanship.
- You want long-term value for money fireplaces, that aren't going to have problems as soon as their warranty period is finished
- When you're choosing a gas log fire, you need to know exact specifications, what models look like, and get an idea on how they will appear installed. The best brands supply outlets with brochures and training.
- If there is an issue with your gas log fire, you need to know that getting them fixed is going to be relatively easy.

The Low Down on Our Excellence Winners

Heat & Glo – Combining innovative technology with fine craftsmanship and design, Heat & Glo pioneered the gas log fireplace industry. They invented balanced flue technology which has made gas log fires safer, and also given great flexibility so they can now be installed in nearly any location within your home.
