

Regency Fireplaces and The Gas Log Fire Company

A Perfect Partnership

There are many things that The Gas Log Fire Company and [Regency Fireplaces](#) have in common; such as being highly renowned industry leaders with long term experience. Both our companies recognise that installing a heating unit has to be about follow up services, just as much as having the best quality fireplace available. One of the The Gas Log Fire Company and Regency Fireplaces highest priorities is our commitment to superior installation, repairs and after sales services.

From a garage workshop nearly forty years ago, the Canadian based, Regency Fireplaces, has grown to a highly esteemed international company. They manufacture and distribute an enormous amount of fireplace units and parts to an ever increasing number of countries. Although Regency Fireplaces offer a diverse range of models, you can still rest assured that you have an exceptional fireplace which has been specifically designed to meet stringent Australian standards. Not only does Regency produce superior products, they also offer full follow up service through their network of accredited and authorised dealers, installers and repairers.

Similarly, our The Gas Log Fire Company has also 'stood the test of time'. We always ensure all the manufacturing companies we are agents come with a strong reputation for being industry leaders in quality, innovation, efficiency, aesthetics and after sales service.

In celebration of both The Gas Log Fire Company and Regency Fireplaces commitment to the long life expectancy of our fireplaces, we are proud to announce two of our specialised technicians have just completed the most recent sequence of Regency Fireplaces Service and Repair training, to ensure they are fully updated on the latest models and technology.

What this means to our clients

When you acquire a Regency Fireplace installed you are installing a unit that is the product of decades of innovative, up-to-date technology backed up by The Gas Log Fire Company's comprehensively trained professional Service and Repair specialists. So, on the unlikely occasion that your fireplace does experience some difficulties, or if it's simply time for an annual service, you can rest assured that we can offer you the best industry-based services and advice available.
